

SERVICES OF THE AUTHORIZED REPRESENTATIVE IN EUROPEAN COUNTRIES

The presence of an authorized representative in the EU on a permanent basis is a direct requirement for manufacturers if they are not located in the EU. Authorized representative - a natural or legal person residing or established in the European Union, endowed by the manufacturer with certain powers, usually through a contract (agreement) or power of attorney.

As a rule, the functions of the representative include:

- ❖ signing the Declaration of Conformity of the EU;
- ❖ storage of technical documentation;
- ❖ provision of technical documentation at the request of the competent authorities;
- ❖ informing the manufacturer on various issues;
- ❖ participation of a representative in investigations.

We are ready to offer you the service of an authorized representative registered in Poland or provide assistance in starting a business in the EU.
